

*Darwin, Minnesota
Greetings to
Mayor Chris
Harlan Johnson
Pastor
and
All the folks there
from
The Lake Country*

** * * * **

*Just a rather small village, but having some fun.
Who knows what'll develop? After all's said and done!
With a small population, yet a marvelous crowd,
Are plugging together, can truly feel proud!
Two hundred and fifty, yet that's quite a few!
While attending the church there, may fill every pew!*

** * * * **

*That write-up of Darwin was a pleasure to read.
Must say, you are sharing, you are special indeed.
And suppose if I'd ramble over there for a spin?
I'd love to have coffee at your new Twine Ball Inn!
Should I even be hungry, even order a steak,
Just imagine the chatter and impression you'd make!*

** * * * **

*Now you've made a point, would be fun to explore!
And take a little jaunt, over there to that store!
What would I find then? Ah!? Hey and compare!
Why, I'd have a ball in Darwin over there!
For all of your efforts, I truly must say,
Sunshine and laughter, for you've made my day!*

** * * * **

*As for cities and traffic and the rushing around,
With its crowds and the hassle, I prefer a small town!
It brought forth a chuckle as I read every line
Enjoyed it immensely, may you all rise and shine!
There must be togetherness, in a real special way;
Good luck, your endeavors, Have a really great day!*
